

CARE AND MAINTENANCE

New Floors

- Damp mop floor immediately. Do not scrub or wash for at least 24 to 48 hours.

Regular Maintenance

- Sweep, damp mop or vacuum floor daily to remove loose dirt.
- Wipe up spills as soon as possible before they dry.
- A thorough washing is recommended when the floor looks dull and scuffed. Use Armstrong Once 'n Done No Rinse Floor Cleaner diluted in water. Remove stubborn marks with Armstrong New Beginning Extra Strength Cleaner and Stripper.

Rhinofloor **does not need to be polished**. However, if you wish to provide your floor with additional protection from wear and tear and obtain a high gloss level you can do so by applying Armstrong Shinekeeper Long Lasting Floor Polish.
